

SAKSHI SINHA

Full Stack MERN Developer

+918429288887 sakshi0009sinha@gmail.com LinkedIn GitHub Portfolio Lucknow, India

PROFESSIONAL SUMMARY

Full Stack MERN Developer with expertise in designing and developing **responsive, scalable web applications** using React.js, Node.js, Express.js, and MongoDB. Proficient in building secure **REST APIs**, implementing JWT authentication, and integrating AI-powered features with Google Gemini to deliver production-ready solutions. Possesses a solid foundation in Java, JavaScript, Python, Data Structures & Algorithms, and Object-Oriented Programming.

WORK EXPERIENCES

Full Stack Developer | Freelance

Mar 2026 - May 2026

Industrial Computer Works

Remote • Lucknow

- **Developed** and **deployed** a production-ready business website using **React.js**, **Node.js**, and **Express.js**, enhancing the client's online presence.
- **Designed** secure **REST APIs** with validation, rate limiting, and **Resend** email integration, ensuring reliable customer communication.
- **Collaborated** with the client to define requirements, enhance features, and prepare the application for production deployment.

Technologies / Skills Used : React.js, Node.js, Express.js, Tailwind CSS, Resend, Bootstrap

PROJECTS

AI Powered - Job Tracker Application | GitHub Website

Individual Project

- Engineered and deployed a full-stack **MERN** application with **JWT authentication**, secure REST APIs, and a responsive **React** user interface for effective job application management.
- Built an interactive analytics dashboard enabling **search**, **filtering**, **sorting**, and **pagination** for visual tracking of job statuses: Applied, Pending, Accepted, Rejected, and Interested.
- Integrated **Google Gemini AI** to generate personalized **technical**, **behavioral**, and **project-based interview questions** from uploaded resumes and job descriptions.
- Implemented **AI-powered resume analysis** to produce an ATS-style resume score, extract skills, identify gaps, highlight strengths, and provide tailored improvement suggestions.
- Developed secure resume upload functionality for **PDF**, **DOC**, and **DOCX** formats using **Multer**, featuring authenticated file management and enhanced user feedback through **SweetAlert2** and **React Toastify**.
- Researched and integrated modern web and AI technologies, overcoming challenges through self-directed learning and iterative feature development.

Technologies / Tools Used : React.js, Node.js, Express.js, MongoDB, Gemini AI, JWT Authentication, Tailwind CSS

Now or Never – Productivity Management Application | GitHub

- Developed an **AI-powered productivity management application** using **React.js**, **TypeScript**, **Firebase Authentication**, and **Cloud Firestore**.
- Implemented features such as task management, productivity scoring, streak tracking, AI-generated daily timelines, and Google Sheets synchronization.
- Created a responsive interface optimized for desktop, tablet, and mobile devices, enhancing usability across platforms.
- Leveraged **Google AI Studio** for feature planning, UI refinement, debugging, and rapid prototyping to expedite development.

Technologies / Tools Used : React.js, TypeScript, Firebase, Cloud Firestore, Google AI Studio, Tailwind CSS, Git, Github

SKILLS

Languages :	JavaScript, Python, Java
Frontend :	React.js, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend :	Node.js, Express.js, REST APIs, JWT Authentication, Mongoose, API Integrations
Databases :	MySQL, Firebase, MongoDB
Version Control :	Git, GitHub
AI :	Claude, Codex, Gemini AI, Google AI Studio, ChatGPT
Tools & Platforms :	Postman, Render, Vercel, VSCode, IntelliJ, Numpy, Pandas, Netlify

EDUCATIONS

Chandigarh University

2024 - 2026

Masters of Computer Application(MCA)

Ambalika Institute of Management & Technology

2021 - 2024

Bachelors in Computer Application(BCA)

Branch: Computer Science

CBSE Board

2020 - 2021

Intermediate - (Physics, Chemistry, Mathematics)

Percentage : 82.8%

CBSE Board

2018 - 2019

Matriculate

Percentage : 83.8%

CERTIFICATIONS

Machine Learning Foundation - (AWS)

- Strengthened my understanding of the fundamentals of machine learning
- Understood how AWS services support the development and deployment of ML solutions.

Full Stack Web Development (MERN Stack) – Apna College

- Completed hands-on training in MongoDB, Express.js, React.js, and Node.js
- Built full stack applications with authentication, REST APIs, and database integration
- Gained practical experience in real-world development and deployment
